

Role Definition

Job Title: Facilities Technician
Reporting To: Building Manager and Building Supervisor on a day to day basis and ultimately to the Head of Facilities

Responsibilities

- Develop, provide and maintain a high standard of building fabric services throughout all Foster + Partners' offices and property and various site offices, as required from time to time whilst continuously seeking opportunities for improvement
- Undertake planned and unplanned maintenance tasks on building fabric systems
- Carry out minor project, decorating, plumbing and project management works as required
- Respond to Facilities Help Desk requests, providing a professional and timely service
- Supervise specialist maintenance and installation contractors, both within and outside normal working hours
- Source, order and cost materials and parts as required
- Produce weekly reports and other ad-hoc reports as required
- Thorough knowledge of and compliance with F+P procedures and standards
- To contribute, or otherwise assist, as required
- Equity, diversity & inclusion (EDI) is a core priority. To support and champion the embedding of this focus as a collective workforce responsibility, EDI should be integrated, where relevant, into all workstreams

Qualities and Skills required

- Able to demonstrate ability to undertake the above responsibilities
- Legally able to work in the country in which the position is based
- Previous experience and or related qualifications in maintenance work, particularly in building fabric/joinery/carpentry/plumbing would be an advantage.
- Pro-active, and able to work on own initiative and under minimal supervision with consistent attention to detail
- Good written and verbal communication skills - articulate and diplomatic manner
- Excellent interpersonal skills, able to work independently and as part of an effective team
- Able to deal with people at all levels both internally and externally as there is a requirement to liaise with contractors and internal staff
- Previous experience in dealing with customers
- Ability to prioritise tasks and manage time effectively
- Resilient to cope with conflicting demands and able to prioritise duties and work under pressure while remaining calm and resilient at all times
- Be self-motivated, enthusiastic, flexible and helpful
- Physically able to carry out the responsibilities of the role
- Discretion, confidentiality and loyalty
- Excellent organisational skills
- Self-motivated and able to take responsibility
- Flexible attitude
- Ability to work the hours required of the position which are 40 hours per week which will be variable and dependant on project requirements. The standard hours will vary between 8.00 am and 7.00 pm Monday to Friday and will on occasions include weekends
- Although notice will be given where possible due to the nature of the position this may be

required at short notice to deal with emergencies for example

- To work within a team providing assistance to other trades to finalise all aspects of maintenance.

This description reflects the core activities of the role but is not intended to be all-inclusive and other duties within the group/department may be required in addition to changes in the emphasis of duties as required from time to time. There is a requirement for the post holder to recognise this and adopt a flexible approach to work. Job descriptions will be reviewed regularly and where necessary revised in accordance with organisational needs. Any major changes will be discussed with the post holder.
